

SUPPLIER DECLARATION

on the conformity of packaging – based on the model of Annex VIII of Regulation (EU) 2025/40 (PPWR)

1. Declaration number

RVK-PPWR-2026-011 – product family Schaumstoffeinlagen

2. Issuer (supplier)

R.v.Klier Werkstoffprüftechnik, Hansaallee 190, 40547 Düsseldorf, Germany. No authorised representative has been appointed.

3. Responsibility

This declaration is issued under the sole responsibility of the issuer named under point 2. It serves to fulfil the information obligations as a supplier pursuant to Art. 16 PPWR.

4. Object of the declaration

Foam inserts and cut-outs as packaging components (single-use). Covers all foam articles (GP, SE, TLB, foam and nub-foam series) per the current article list.

Traceability via article number and delivery note/batch data.

5. Conformity

The object of the declaration referred to under point 4 fulfils the relevant requirements of Regulation (EU) 2025/40 (PPWR), in particular Articles 5 to 12, insofar as these are applicable at the time of placing on the market in accordance with the transitional provisions of the Regulation. In detail:

– Material: PE foam (non-crosslinked and crosslinked/XLPE) and PU foam (ether/ester types). Recycled content: 0 % (100 % virgin material).

– Art. 5 (substance requirements): the sum of the concentrations of lead, cadmium, mercury and hexavalent chromium is below 100 mg/kg; no SVHC (REACH candidate list) above 0.1 % by weight; no PFAS. The packaging is not intended for contact with food.

– Art. 6/7 (recyclability, recycled content): the plastics used are suitable for material recycling. Classification into performance grades and binding recycled-content figures will follow as soon as the delegated and implementing acts of the EU Commission are available.

– Art. 10 (minimisation): the packaging is designed to the minimum weight and volume required for protection and function.

6. Technical specifications applied

Material specifications and declarations of the raw material and material manufacturers, internal packaging assessment; details are contained in the issuer's technical documentation. Harmonised standards and design-for-recycling criteria will be added once published.

7. Notified body

Not applicable (internal production control, Module A pursuant to Annex VII PPWR).

8. Additional information

The issuer is registered in the German packaging register LUCID. Customers will be informed without delay of any changes to material or composition affecting conformity. This declaration is retained for 5 years from placing on the market.

Issued for and on behalf of R.v.Klier Werkstoffprüftechnik – Düsseldorf, 04.08.2026. This document was generated electronically and is valid without signature.
